

PROPOSED PIPELINE PROJECTS ON OUR TERRITORY

OTHER PIPELINE PROJECTS

Pacific Trails Pipeline

The Moricetown Band joined the First Nations Limited Partnership (FNLN) in 2015 to share the benefits associated with the Pacific Trail Pipeline (PTP) project. The PTP is a 480-km natural gas pipeline running from Summit Lake to the Kitimat LNG facility site. Funding from the PTP agreement are as follows:

- » A one-time participation payment, provided when the Moricetown Band joined FNLN;
- » A one-time contribution payment, provided when at least 10km of the pipeline is built; and
- » Yearly payments, ongoing throughout the life of the project.

Moricetown Band Council voted in January 2015 to accept the agreement with the PTP.
